Dear Policyholder :

We acknowledge receipt of a letter postmarked 05/29/2007 requesting cancellation of your policy.

In accordance with the provisions of Section 94a of the Workers' Compensation Law, requiring an employer to give written notice not less than 30 days before the effective date of cancellation, we are unable to cancel your policy before 06/19/2007.

May we urge you to give this further consideration before taking final action, as we sincerely believe you will be serving your own best interest by continuing your insurance in the State Fund.

May we point out in your interest that cancellation of your policy on any date, other than its normal anniversary date, will require an adjustment of premium for the final policy period in accordance with the Short Rate table approved by the Compensation Insurance Rating Board. This will result in increased cost to you.

We have appreciated your patronage and we hope that a frank discussion with our representative of the facilities available to you will lead to a continuance of our relations.

Very truly yours,

LAUREN HILL
