TO WHOM IT MAY CONCERN

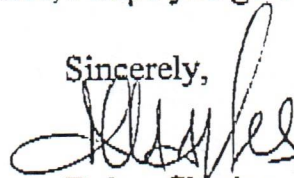

I am writing this letter in the hopes that it will help you understand the kind of person Mr. Harry Dorvilier is, despite the situation that led us to this point.

In the twenty one years that I have known Harry, I have been impressed by his dedication and commitment to helping people. He is also an extremely hard worker and has contributed to numerous not-for-profit organizations in addition to raising funds for good causes.

Harry's Nurses Registry, Inc./Harry's Home Care was established to fulfill his dreams. He saw a way to assist friends, family members, associates and the man in the street to better their lives by creating an avenue for them to be employed.

I feel these attributes demonstrate someone with an exceptional character and I believe that Harry deserves a second chance, I hope you give him one.

Sincerely,

Debra Charles
