RE: People v. Dorvilier, Indictment No. 1709-2010

Dear Justice Blumenfeld:

I am currently an independent contractor with Harry's Nurses' Registry, Inc. and although I am registered with several other agencies, this is currently my lone source of income. My family and I depend heavily on this as such and I also speak for my patient and her family when I entreat you in your honorable position and ask for mercy in the above referenced case.

Mr. Dorvilier is a fine gentleman and has been a fine example of dignity and respect in his treatment of my patient and her family and me. I have been with this patient since beginning with Mr. Harry at Harry's Nurse's Registry and I truly feel that all that can be done to spare my patient any undue hardship, should be done if you would, please. I ask you to please think of the large circle that surrounds me when you make your decision regarding Mr. Harry. Thank you ever so kindly in your attention to this situation because I am very sure that Mr. Harry did no one any harm intentionally. May God continue to Bless you.

Sincerely

Roslyn Isigi, LPN
